

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Application No.	: 10/569,490	Confirmation No.	: 3451
First Named Inventor	: Yoichi KOWATARI		
Filed	: May 16, 2008		
TC/A.U.	: 3745		
Examiner	: Michael S. Leslie		
Docket No.	: 029082.53185US		
Customer No.	: 23911		
Title	: Engine Lag Down Suppressing Device of Construction Machinery		

**DECLARATION IN SUPPORT OF PETITION TO RESET PERIOD FOR
REPLY DUE TO NON-RECEIPT OF OFFICE ACTION**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

I, Tanya Che, hereby declare that:

1. I am the Docketing Manager for the Intellectual Property Group of Crowell & Moring LLP.
2. I was employed by Crowell & Moring during the relevant time periods discussed in this Petition as either the Docketing Manager or Docketing Supervisor for the Intellectual Property Group of Crowell & Moring LLP.
3. On December 15, 2011, I was informed by Nancy Robins that the USPTO's on-line database indicated that an Office Action had been mailed in the above-identified application on August 18, 2011, but there was no corresponding entry in the Crowell & Moring docketing system.

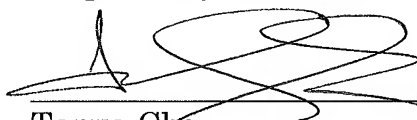

4. Based on discussions with Nancy Robins, I reviewed the data in our docketing system and determined that all Patent Office correspondence that was mailed on August 18, 2011, was entered into our docketing system on either August 18, 2011, August 19, 2011 or August 22, 2011.
5. Attached as Exhibit A is a report of all matters entered into our docketing system on August 18, 2011. Attached as Exhibit B is a report of all matters entered into our docketing system on August 19, 2011. Attached as Exhibit C is a report of all matters entered into our docketing system on August 22, 2011. The above-identified matter does not appear in the reports of Exhibits A, B or C.
6. Attached as Exhibit D is an electronic docket printout for the above-identified application indicating that no entry for the August 18, 2011 Office Action was made. Attached as Exhibit E is a copy of the master docket report for a date of three months from the August 18, 2011 mail date of the non-received Office Action, i.e., the master docket report for November 18, 2011, which again shows that no docket entry had been made for the non-received Office Action.
7. If an Office Action was received by Crowell & Moring on August 18, 2011, it would have been docketed on August 18th, August 19th, or August 22nd and would appear on the reports of Exhibits A, B or C. Because an Office Action for the above-identified application does not appear in the reports of Exhibits A, B or C, and further no entry

for the Office Action is present on any date after August 18, 2011, it is my belief that the Office Action mailed on August 18, 2011, was not received by Crowell & Moring.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

January 5, 2012

Respectfully submitted,

Tanya Che
Manager, Docketing Department
Crowell & Moring LLP
